TWEED RIVER

WATER SAFETY RULES

1 Direction of travel

2. Rowers should observe the above traffic flow with particular notice paid to the 'SAFETY ZONE'. Avoid rowing in the Safety Zone.

3. If you cannot swim or suffer from a medical condition that may jeopardise your well being in a rowing boat, advise your coach or club captain so that adequate procedures are in place.

4. Crews being overtaken should alert by shouting the overtaking crews and move aside as soon as practicable to avoid collision.

5. When changing direction crews are to proceed to the opposite side in the shortest possible route and give way to all traffic.

6. Official competition boats have right of way during designated regattas, for the length of the competition course.

7. At the completion of a Regatta race - do not obstruct other boats by stopping on the finish line or immediately beyond. Retire to a safe distance.
